

# Slope-Intercept Form

Determine the slope. State the coordinates of the x-intercept. State the coordinates of the y-intercept. Determine whether the slope is negative/positive/zero/undefined. Write the equation of the line in slope-intercept form.

1.

Slope: \_\_\_\_\_

x-intercept: \_\_\_\_\_

y-intercept: \_\_\_\_\_

Slope is: negative / positive / zero / undefined

Equation of the line in slope-intercept form:

2.

Slope: \_\_\_\_\_

x-intercept: \_\_\_\_\_

y-intercept: \_\_\_\_\_

Slope is: negative / positive / zero / undefined

Equation of the line in slope-intercept form:

3.

Slope: \_\_\_\_\_

x-intercept: \_\_\_\_\_

y-intercept: \_\_\_\_\_

Slope is: negative / positive / zero / undefined

Equation of the line in slope-intercept form:

4.

Slope: \_\_\_\_\_

x-intercept: \_\_\_\_\_

y-intercept: \_\_\_\_\_

Slope is: negative / positive / zero / undefined

Equation of the line in slope-intercept form:

5.

Slope: \_\_\_\_\_

x-intercept: \_\_\_\_\_

y-intercept: \_\_\_\_\_

Slope is: negative / positive / zero / undefined

Equation of the line in slope-intercept form:

6.

Slope: \_\_\_\_\_

x-intercept: \_\_\_\_\_

y-intercept: \_\_\_\_\_

Slope is: negative / positive / zero / undefined

Equation of the line in slope-intercept form:

7.

Slope: \_\_\_\_\_

x-intercept: \_\_\_\_\_

y-intercept: \_\_\_\_\_

Slope is: negative / positive / zero / undefined

Equation of the line in slope-intercept form:

8.

Slope: \_\_\_\_\_

x-intercept: \_\_\_\_\_

y-intercept: \_\_\_\_\_

Slope is: negative / positive / zero / undefined

Equation of the line in slope-intercept form:
